TWO PARTS—SEDALIA, MISSOURI, TUESDAY EVENING, FEBRUARY 2, 1909—PART ONE.

VOL. 3 NO. 28. PRICE FIVE CENTS.

THE NAME WAS CHANGED

AT A MEETING OF RETAIL MERCHANTS' ASSOCIATION MONDAY AFTERNOON.

THERE WAS A VERY LARGE ATTENDANCE

In Future It Will Be the Merchants and Home Industry Association—Monthly Dues to Be 25 Cents.

At a largely attended meeting of the Retail Merchants' association, held at the office of Secretary C. C. Lawson late Monday afternoon, the name of the organization was changed to the Merchants and Home Industry association.

By the unanimous vote of all members present it was decided to invite every citizen in Sedalia who is interested in the city's growth and prosperity to become a member, whether engaged in business or otherwise employed.

The Retail Merchants' association has been an active organization for several years past, and at all times has been interested in every move that has been started to benefit the public.

Now that the doors have been opened to admit as members all persons interested in the city's welfare, the membership should be increased to at least five hundred. Its present membership is about sixty.

Monthly meetings will be held to discuss matters of interest, when every member present will be expected to take an active part in the discussions. There will be no membership fee charged. The monthly dues are but 25 cents.

Mr. C. C. Lawson, the secretary, is now sending out application cards, together with the following letter, and any one who does not receive one can find the cards at his office in the Higgenfritz building, where he will gladly enroll your name as a member.

Dear Sir: At a recent meeting of the Retail Merchants' association, the name of the organization was changed to the Merchants and Home Industry association. The object of this change was to include in its membership every business and professional man in Sedalia and every other person who has a personal interest in boosting our city, and we cordially invite you to become one of us.

We enclose herewith an application card which please sign and return to our secretary, Mr. C. C. Lawson, in order that you may be enrolled as a member. Yours truly—W. J. Letts, President. Attest: C. C. Lawson, Secretary.

A BIRTHDAY SURPRISE

In Honor of Good Wife of Retired Baptist Divine.

Mrs. W. N. Phillips, wife of a well known retired Baptist minister, was the guest of honor at a delightful surprise party and dining given at their home, 2101 East Tenth street, Monday, the occasion being the celebration of her sixty-third birthday anniversary.

At the noon hour a sumptuous repast was partaken of by all in attendance, and after the serving of the menu the guests chanted the hymn, "God Be With You Till We Meet Again."

Rev. Phillips made a very touching response to the celebration in behalf of his wife, after which all returned home, having passed a delightful day.

Those present were: Jack and John Potter, of Blackwater; Mrs. Steele, Mr. and Mrs. J. H. Guymon and daughter, Mrs. William Patterson and son, Mrs. Newcomb and son, Claud, Mrs. W. B. Farley, Mrs. G. R. Fletcher, of Sedalia; J. G. Thomas and Grant Potter, of Beaman; Mrs. Maggie Potter and daughter, Daniel Farley and Master Fruit Potter, all of Green Ridge.

Library Board Meetings.

The regular monthly meeting of the directors of the Sedalia Public Library will be held at the library building at 5 o'clock this afternoon. Only routine business will come up for consideration.

Married by Rev. Caskey.

Roy D. Reed, a young farmer of Dresden, and Miss Katie Risch, of Claryville, Ky., were united in marriage by the Rev. J. F. Caskey at the

parsonage of the Fifth Street M. E. church, South, at 1:30 o'clock this afternoon. They went to Houstonia this afternoon to visit relatives and will then return to Dresden to live.

The Ground Hog Went Back.

This is ground hog day. The little animal came forth from his hole in the ground early this morning. He saw his shadow, of course, for the sun shone brightly. Then his hogship "hiked." Back to his hole in the earth he returned, there to hibernate another six weeks.

All of which, according to tradition, means that we are to have six weeks more of winter in this neck o' the woods.

HER PARENTS ARE DEAD

BUT LITTLE MARGARET EZELL DOES NOT FULLY REALIZE HER LOSS.

STOPPING AT THE HOME OF MR. LOGAN

Father and Mother Died of Injuries Sustained in the Denver and Rio Grande Collision Near Dotsero, Colo.

Little Margaret Ezell, the 7-year-old daughter of Mr. and Mrs. L. J. Ezell, both of whom died at Glenwood Springs, Colo., from injuries sustained in the Denver & Rio Grande wreck near Dotsero, Colo., is temporarily making her home with Mr. and Mrs. J. M. Logan, 616 West Fifth street, and is recovering from the injuries she sustained in the wreck very satisfactorily.

The little girl was quite badly wounded in the accident that caused her parents to lose their lives, among her injuries being a severe laceration of her left leg, between the knee and ankle, and a wrench of the neck.

Although she is perfectly conscious, she scarcely realizes that her parents are dead. She clings to the belief that both are at their home in North Dakota, and continually asks to go to that place.

Several days ago, when her suffering was more excruciating than usual, the little tot remarked that she would feel better if her mother were with her, but her attendants calmed her without advising her that her father and mother had been called to their eternal rest. The patient is under the care of Dr. W. G. Cowan. Several days ago, when her brother quietly told her that her papa and mamma had died, she cried pitifully, but briefly, and it was obvious that she did not realize the seriousness of the situation.

She will remain at Mr. Logan's house until her injuries are entirely healed.

BOARD NAMED C. C. GENTRY

As One of Commissioners of Twelve-Mile Road District.

The board this morning elected unanimously C. C. Gentry as commissioner of the Twelve-Mile Road district to succeed George T. Menefee, whose term had expired.

It is the universal expression of all that the selection was a wise one, as the appointee is one of the county's best citizens and business men.

He resides five miles northwest of the city, a section that has never before been represented on the board, but will be in close touch by telephone.

Mrs. Adam Fischer Married?

The Democrat-Sentinel has received a letter from Kansas City, asking that the paper sent to Mrs. Josie Fischer, widow of Adam Fischer, sr., at 1218 Forest street, Kansas City, be changed to Mrs. Josie Fischer Keys, 5429 Calumet avenue, Chicago.

The letter would indicate that the former Sedalia lady, whose maiden name was Josie Stephens, and who was reared in Buncheon, Connor county, is again a bride, but nothing is known here regarding the gentleman whose name she now bears.

Shipments of Cattle.

William Binkley shipped Monday afternoon from Sweet Springs to St. Louis two car loads of fat cattle, one load of hogs and John M. Curritt shipped one load of extra fat cattle. The shipments were all Pettis county fed stock.

ONLY A SIDE ISSUE

"I am going to look after the New York Central, all right; only I can't be expected to look after the family affairs of everybody."—E. H. Harriman, in recent interview.

SHE WED HER FIRST LOVE

MISS HELEN MALONEY, ONCE MUCH TALKED OF PHILADELPHIA GIRL.

HAD TWO HUSBANDS AT THE SAME TIME

Secret Marriage Could Not Be Annulled by Church, So Young People Decided to Follow Original Agreement.

Philadelphia, Feb. 2.—Miss Helen M. Maloney, of this city, and Arthur Herbert Osborn, of New York, were married today by Rev. Stephen M. Lyons at St. Catherine's Roman Catholic church, Spring Lake, N. J.

Miss Maloney, who is a daughter of one of Philadelphia's wealthiest men, was secretly married to Osborn four or five years ago by a justice of the peace. Nothing was said of the marriage, and the young people pursued their regular lives, each residing at their own home and meeting very seldom, and then only in a social way.

Suddenly Miss Maloney disappeared and was next heard of in Europe as the wife of a young English society man, with whom she had eloped. When news of this reached Osborn he immediately announced the fact of the previous marriage of the young woman and asserted that she was still his wife.

The father of Miss Maloney immediately went to Europe and brought his daughter back, and announcement was made that she would divorce Osborn, whom she claimed to have wedded only in a joke, and marry the Englishman.

Osborn, after a great deal of persuading, consented to the annulment of the marriage, but the Catholic church refused to sanction the arrangement, and Miss Maloney has since then been without a husband. The re-marriage today straightens out all complications and unites the original parties in church-sanctioned wedlock.

"KEMP" CAUGHT THE CROW

And Turned It Over to Frank McAllister, the Owner.

Kemp Hieronymus, the auctioneer, has developed quite an ability as a "catcher." Kemp had heard about the mysterious crow attraction at attention from Ohio street pedestrians, and decided to cage the fowl. Accordingly, he enticed it to his

domestic, Fifth street and Osage avenue, where, with crumbs of bread, he managed to allure it into a barn. This accomplished, he bore down on the bird and succeeded in capturing it.

Shortly afterwards the owner Frank McAllister, claimed possession and Kemp returned the bird to the owner. The much-heard-of "Hen Roost" club was very anxious to have a banquet with the crow as the principal dish, but the owner objected.

Russell Camp Meeting. The applications of McLean G. Wright and Reala Taylor were balloted on at Monday night's meeting of Russell camp No. 2065, Modern Woodmen of America.

GIVES UP BRICK PLANT

CAPT. O. M. CARTER RESIGNS AS MANAGER OF THE MEXICO CONCERN.

THE WORKS NOW MAKING GOOD MONEY

Increased the Output From 15,000 to 36,000 Daily and the Profits From \$1.35 Per 1,000 to \$3.40 Per 1,000.

Mexico, Mo., Feb. 2.—Captain O. M. Carter, who has been manager of the local brick plant for several months, has relinquished his option on the plant and departed for Chicago.

To a reporter for the Intelligencer, Captain Carter said: "The finest clay in the world exists in abundance around Mexico, and I see no reason why the brick plant will not thrive and make money."

"When I took charge of the plant, in October last, the average output was less than 15,000 bricks per working day, and the profit was \$1.35 per thousand, which was a very satisfactory showing, indeed."

"This showing, I may remark, was due very largely to the faithful and efficient services of my superintendent, Mr. Polfe, who has been associated with me during the entire time that I have been here."

Captain Carter said that he would in all probability take up his profession as a consulting engineer in Chicago. He spoke in the highest terms of the brick plant and those who own it.

GIRL'S STORY CONVICTS

MARIE PEUROY IS LURED FROM PARIS BY WHITE SLAVE SYNDICATE.

THERE WAS A WOMAN ASSISTANT IN CASE

Two Years in Federal Prison at Fort Leavenworth, and \$2,500 Fine Assessed Against Promoter of the Traffic.

Chicago, Feb. 2.—The story of a beautiful girl lured to the United States from Paris resulted yesterday in the conviction of Henry Lair, charged by the government with being a promoter of the so-called "white slave" traffic in this country. Lair was sentenced by Judge Landis to serve two years in the government prison at Leavenworth, Kas., and to pay a \$2,500 fine.

The next case to be tried is that of Lucien D'Arville, Lair's reputed wife, who was indicted with him on charges of importing French girls to this country in violation of the immigration laws.

Marie Peuroy, 19 years old, was the chief witness for the government. When 14 years old, she said, she was met on the streets of Paris by Jules Dufour, who later introduced her to Louis Paynt, now in the government prison at Atlanta, Ga. Paynt induced her to come to America, and brought her to Chicago, where she, she said, was taken in charge by Lair, who had come from San Francisco.

This started a campaign by the federal authorities to break up the white slave syndicate. Jules Dufour, who met the girl in Paris, is a brother of Alphonse Dufour. The latter and his wife forfeited heavy bonds following their indictment for bringing girls to Chicago, and fled to France, where it is said they were convicted on similar charges.

Nothing Heard of Missing Boy.

Mrs. Lucy Bailey, 610 West Fourth street, whose 15-year-old son, Kirk, died recently from a stab wound, inflicted by his 13-year-old brother, Victor, has heard nothing whatever from her younger son, who died the stabbing, and who disappeared suddenly after the trouble.

Initiated Class of Seven.

Francis Beatie, state organizer for the tribe of Ben Hur, with headquarters at Moberly, returned here last night from Jefferson City, where he assisted in the initiation of a class of

seven candidates. He was assisted by Deputy Organizer Phipps and wife, of this city.

Mr. Bartle will remain in Sedalia to meet with Sedalia court No. 39 to-morrow night.

Mrs. Steele to Give Recital.

Mrs. W. D. Steele left at noon today for Jefferson City, where, at the governor's mansion tomorrow morning, she will give a musical recital in the presence of the Ladies' Musical club of Jefferson City.

Mrs. Steele will also read a paper on "Indian Music" before the club, and while visiting at the state capital will be the guest of Mrs. J. B. Gantt, wife of Judge Gantt, of the supreme court.

SAYS MARRIAGE IS BORE

UPTON SINCLAIR ALLEGES HE IS SORRY THAT HE IS "TIED UP."

POSSIBLY HIS WIFE ALSO HAS REGRETS

Well Known Writer Calls Marriage "Legalized Slavery"—He Has Had Time to Repent at Leisure.

San Francisco, Cal., Feb. 2.—Upton Sinclair says he's sorry he's married. He said it out loud, in a calm, matter-of-fact tone of voice, and the waiter almost dropped the butter plate, well trained as that particular waiter, who happened to be leaning over the back of Mr. Sinclair's chair with this particular butter plate, happened to be.

"When my wife and I fell in love with each other we talked the whole marriage business over very conscientiously. We both of us hated the idea of being tied together by either a religious or legal ceremony, and we tried to make up our minds to set the right kind of example to the world."

"But we knew that Mrs. Sinclair's father and mother would go raving crazy if we did what our consciences told us was right."

"So, to ease their minds, we let some one mumble a few words over us and made them happy."

"We were married and now we have seen the world and know a great many married people, and so we are a good deal ashamed of being married ourselves."

"Why am I so prejudiced against marriage?"

"Why shouldn't I be prejudiced against it, beastly bore as it is? You might as well ask me why I am so prejudiced against slavery—or against thievery, or if it comes to that, against murder."

"Marriage in this day is nothing but legalized slavery; that's the most polite word to call it, I fancy."

"The average married woman is bought just exactly as much as any horse or dog is bought."

"Marriage—cough! cough! It really isn't a subject to be discussed at the table."

LETTER CARRIERS MET

Last Night and Discussed Coming State Convention.

The monthly meeting of Queen City branch No. 139, National Association of Letter Carriers, was held at the postoffice last night and further arrangements were made for the annual state convention to be held in this city on May 31 and June 1.

Between fifty and one hundred delegates are expected to attend the meeting, which promises to be one of the most interesting in recent years.

Various committees have been appointed to make the meeting a success and other meetings will be held before the state convention to perfect arrangements.

Mr. Ellis Operated Upon.

J. D. Ellis was operated upon for a tumor by Drs. Duplap, Trader and W. T. Bishop, the latter of Hughesville, at the home of his daughter, Mrs. David Roberts, wife of a traveling grocery salesman, 114 West Jefferson street, Monday, and is reported as resting nicely.

FLORIDA FAIR TO OPEN

THE MID-WINTER EXHIBITION TO BE IN FULL BLAST TOMORROW.

GOVERNOR GILCHRIST TO PRESS BUTTON

In Connection With the Fair Will Be a Race Meet to Last Thirty Days—Five Events Daily Except Sunday.

Tampa, Fla., Feb. 2.—Tomorrow the newly elected governor of Florida, Gen. Albert W. Gilchrist, will press a button and electricity will perform the remainder of the work of opening every gate on the portion of the Tampa Bay hotel grounds set apart for the holding of the Florida Mid-Winter exposition.

Coincident with the opening of the gates, business in Tampa will be suspended for five minutes and the whistles of every vessel in port will shriek out a gladsome welcome to this annual event.

In connection with the exposition will be a race meet lasting for thirty days, in which some of the best ponies of the country will compete. Five events will be run daily except Sunday during the fair and for a week after the fair closes, which will be February 27.

Besides the semi-tropical displays of products of Florida soil, the varied mineral display and the industrial exhibits, the fair this year will be unique in that it will embody exhibits from far off states and countries.

The state of Washington has sent a display of apples which recently took first premium at the Spokane apple show and other communities in which Florida products have been shown have come back at the Peninsular state with products of their own, characteristic of their climate and soil. In this respect the exposition will partake of the nature of a national event.

NEW JOB FOR JUNE HARRIS

He Will Travel for the Cudahy Packing Co. in Future.

June Harris, formerly traveling representative for the Fowler Packing company, and recently traveling representative for the Germa Manufacturing company, has accepted a lucrative position as traveling salesman for the Cudahy Packing company, with headquarters in Sedalia, and will travel in Central Missouri.

The new position offers a considerable increase in salary to Mr. Harris, hence his severance with the Germa company.

Mr. Harris is one of those traveling men you read about, but seldom see. He is one of the most efficient commercial tourists traveling in the middle west, and his ability in that line is far above par, hence his merited promotion.

A "SLEUTH" DROPPED IN

Came Here From Jefferson City to Visit Old Friends.

W. E. Sweeney, the well known deputy sheriff of Cole county, who claims to be a mixture of Irish, German, French, Bohemian and Italian, was in Sedalia last night, shaking hands with friends and mingling with the authorities on matters purely of a private nature.

Sweeney is a demure looking individual, but he is a terror to Jefferson City crooks. His genial disposition, coupled with other attributes seldom found in a "sleuth," have popularized him from St. Louis to Kansas City, especially here, where he is favorably known by all.

PRETTY WEDDING GIFT

For Mr. James J. Neely and His Accomplished Bride.

Mr. and Mrs. James J. Neely, the latter formerly Miss Edna Hunnicke, have been remembered by the Missouri Pacific station employees with a very appropriate wedding present in the form of a cut glass water set, which was sent to Mr. Neely's home, 401 West Seventh street, while he was at work.

The gift was presented as a wedding remembrance, and was graciously received by the young bridal couple, who were powerless to express their appreciation.

ATTEND WEDNESDAY'S MEETING.

A call has been issued for a meeting of the Business Men's association Wednesday afternoon at 4 o'clock to take action on the brick plant proposition now under consideration.

No more important matter has been before the people of Sedalia since the Missouri Pacific shops were secured, and it may safely be asserted that none of more far-reaching effect upon local business will come up for many months.

When we consider that the plant, if established, will employ a large force of men at good wages, that its output will very largely be sold outside of Sedalia, thus bringing large amounts of money here which will be spent through local business channels, and that even the raw material will be secured here, leaving practically the entire earnings of the business in the city, it will be realized what great results are sure to accrue from the location of the plant here.

Under the circumstances, therefore, it would be the part of folly not to exert every endeavor to raise the bonus necessary to secure the plant.

The Business Men's association has charge of the matter, but if the members and citizens generally will not turn out, take an interest and push the enterprise along, it stands to reason that the three or four faithful ones who are always on hand, ready and willing to do their utmost, can not accomplish the result so earnestly desired.

BOOMING SIBERIA.

William E. Curtis, who has been about the world so much that he knows a great deal regarding every country, furnishes interesting information on many points. It has been stated from time to time that Siberia, commonly considered a bleak, barren and desolate country, admirably adapted for punishing exiled Russians for political and other crimes, is really rich in resources of many kinds. That it has vast tracts of the most fertile soil and a wealth of minerals of great variety and extent is beginning to dawn upon the initiated. Mr. Curtis, who has recently been there, adds to the testimony on this point. He alludes to various phases of active development, and among other things describes the new town of Novo-Nikolajevsk, at the junction of the Siberian railway and the Obi river, which has 10,000 inhabitants and is growing rapidly.

This town has come into existence so recently that it has no recognition on even the latest maps. The town is the center and shipping point for an agricultural region that is contributing largely to the world's supply of food products. Mr. Curtis says further that within a year, and while the world has been passing through a pe-

riod of depression, at least 1,000,000 immigrants have moved into Western Siberia and are hard at work turning to account the advantages of the region.

Other towns are springing up and that part of the empire bids fair to become one of the most prosperous and fruitful sections of the czar's domains. Siberia, like Alaska, evidently was greatly misrepresented in the earlier days.

NEW YORK FINANCIERS.

It was a daring thing to do for Dr. Hugh Birchhead, pastor of St. George's Episcopal church, which counts J. P. Morgan among the members of its congregation, to make the bold assertion that the people of New York are lawless and want to be lawless, because it suits them better to be so in their mad rush for wealth and social position.

J. P. was present during the sermon, but probably did not hear the remark, being too busy thinking about his next financial deal. But, joking aside, fair-minded men will maintain that Dr. Birchhead's remark was a base slander.

The New Yorkers are not really, quite so bad. It is true, they want to become rich as quickly as possible. But they are not criminals by nature. The majority of them want to become rich by honest means, and only if these means prove inadequate do they resort to the other kind.

The internal waterways are like everything else in this country. If the people realize their importance and the impulse and vast importance they will be to the national commerce, and make up their minds they must have the waterways they will get them, remarks the Baltimore American. There is practically nothing which can not be done in this age and country by the force of public opinion. All other factors and forces find themselves obliged to yield to its power.

School authorities in a Massachusetts city have appealed to parents of High school pupils for support in combating the extension of secret fraternities. It ought to be taken for granted in any American community that parents will approve any proper measures of school discipline determined by the school committee.

In the interest of economy, the government might as well have purchased round trip tickets for the soldiers who are leaving Cuba. They'll have to go back.

Every man has his price, remarks a reformer, and adds that much trouble would be saved if tags had to be worn and the amount marked in plain figures.

Ethel Roosevelt, who prefers her horse and dog to society, wouldn't have to submit records from musty tin boxes to prove herself a member of that family.

A Chicago girl grabbed a footpad who was robbing her and held him till the police came. Perfectly simple. Why didn't we think of that method before?

An aeroplane garage has been constructed on the roof of a building in Paris. It is probably reached by a flight of stairs.

A BOY HANGED BY ACCIDENT

In Barton City, Mo., a Window Fell on Manny Phillips.

Barton City, Mo., Feb. 2.—Manny, the 12-year-old son of Mr. and Mrs. David Phillips, of this city, went to the Bryan school house, near his home, Saturday morning to get his books. The door was locked, so he raised a window to climb in.

Just as he jumped through the window the sash fell, striking him on the back of the neck and pinning him fast with his feet dangling. He was seen there by his mother, who believed he was just climbing in, and went about her work.

When she looked again a short time afterward and saw him still hanging she told her husband, who ran to his assistance, only to find him dead. His neck was not broken and it is believed he died of strangulation.

A DOG AS IF IN PRAYER

Puts Its Paws on the Church Altar, but Elders Ejected It.

Evansville, Ind., Feb. 2.—While services were in progress at the Chestnut street Presbyterian church Sunday a little dog wandered on the aisle and running to the pulpit, put its paws upon the altar and looked up into the face of the pastor, Rev. Hamilton Hymes, as if in prayer. The services were stopped until one of the elders tenderly carried the dog to the door and ejected it.

Pottstown, Pa., Feb. 2.—A romance with a dark background, in which four persons figured because of their deaths under tragic circumstances, will culminate in the marriage of A. Wayne Emery and Miss Florence M. Gregory, a nurse at the Pottstown hospital.

About one year ago the automobile driven by Mr. Emery was run into by a Reading railway flyer and Mr. Emery's wife and daughter and Mr. and Mrs. Jacob Cabel, the other occupants of the automobile, were killed. Mr. Emery was taken to the Pottstown hospital, and for weeks his life hung by a thread. Miss Gregory, however, nursed him back to life.

A HIGGINSVILLE INQUIRY

Missouri Senate Decided to Investigate the Charges.

Jefferson City, Mo., Feb. 2.—The senate adopted a resolution by Senator Chinn, of Lafayette county, last afternoon ordering an investigation of the complaints made against the management of the Confederate home at Higginville.

A committee composed of Senator Field, Senator Mayor and Senator Hudson was appointed to investigate the institution and inquire into all the charges made.

The committee is given full power to summon witnesses and compel them to testify. The committee will go to Higginville the latter part of this week.

Making the Best of Life.
Thrift is not at all synonymous with miserliness. Thrift is industry, utilizing the present to care for the future. The miser saves his money, but wastes his life. The wise man who acquires habits of thrift conserves both and puts them to the best advantage, realizing that he can pass through the world but once and that it is for him to make the most of it while he is in it.—Exchange.

CANNERS OPEN SESSION

MAYOR GRINSTEAD WELCOMES THE DELEGATES TO LOUISVILLE, KENTUCKY.

RESPONSES ARE MADE BY THE OFFICIALS

The Election of Officers and Next Place of Meeting Thursday—Three Cities Want the 1910 Gathering.

Louisville, Ky., Feb. 2.—Following yesterday's preliminary meetings, the joint convention of all organizations affiliated with the National Canners' association was called to order this morning.

Mayor Grinstead welcomed the delegates and responses were made by the officials of the National Canners' association, the National Canned Goods and Dried Fruit Brokers' association, and the National Canning Machinery and Supply association. Wm. Judson, president of the National Wholesale Grocers' association, addressed the convention this afternoon.

Tomorrow will be the most notable day of the session, when addresses will be made by Dr. Harvey W. Wiley, the pure food expert of the department of agriculture, and Hon. Frank H. Hitchcock, of Washington. There will also be a discussion of practical canning methods by experts.

Election of officers and selection of the next place of meeting will take place Thursday. Chicago, Washington and Rochester are the leading candidates for the honor of entertaining the 1910 meeting of the canners, and a hot fight is being waged by the supporters of these cities.

WHO SENT THE ARMY \$10?

That Sum Was Received in a Letter This Morning.

To the Democrat-Sentinel.

The Salvation Army's special meetings are still going on, with much interest, though no one being saved, but we are believing for greater things from God.

This week there is to be a special effort put forth to save the drunkard. Different ones will speak who have been saved from a drunkard's life.

Outsiders are interested in our work and know that in order to keep our hall opened that we must have finances. Just before making out our books this morning and wondering where the money was coming from to pay the rent that was due, we received a letter with \$10 in it, telling us to use it to carry on our work and help rescue precious dying souls.

The donor undoubtedly didn't want the left hand to know what the right hand doeth, as there was no name signed; but we thank the friend and pray God to bless them much.—Lieuts. Burkholder and Vancil.

MANY HOMES MADE HAPPY BY PROF. SEARS

Free Baking School in Session at Flower-Barnett Dry Goods Co.

Will Close Saturday—Don't Miss the Opportunity—Only Four More Days.

Butterfly baking is what you become accomplished in when you secure the help and information imparted by Prof. Sears at the free baking school—baking that is as light and airy as the crest of the wave—sparkling in crispness—delicious in flavor—every mouthful nourishing. Such baking, such delight is attainable every time, if you secure the helpful suggestions given by Prof. Sears and use K. C. baking powder as he directs. Its great economy, efficiency and all-round excellence are sure to commend themselves to your favor. Don't pass lightly the recommendations of your friends who are saying such nice things about K. C.—but do as they did—get a 25c can and try it—bring the certificate to the baking school and get your "Cook's Book." You will say as they do: "I was surprised—and so pleased that I tried K. C." There are no words of praise adequate to express all the pleasure its use elicits. Don't neglect taking advantage of the opportunity to secure such valuable information as is imparted at the baking school and learning all that K. C. baking powder really means to you. The "Cook's Book" can also be recommended to you. It is safe to say that its equal has never been offered to any one before, and its possession will gladden the heart of any housewife. Every recipe in it is a gem, and the changes from the old dishes you have been baking are sure to be appreciated by you.

The following palatable baked dishes will be served after being illustrated at Wednesday's session: K. C. Fairy Cake, K. C. tea biscuits, K. C. Dutch apple cake, K. C. nut bread, K. C. one egg muffins. Bring your "Cook's Book" with you to the class. It will help, and add to your pleasure and convenience. K. C. baking powder makes every bake day a success and delight.

CHILD'S DREADFUL SKIN TROUBLES

Had Sixty Boils when but Six Months Old—Was Annually Attacked by a Humor—It Looked Red Like a Scald and Spread Over Half Her Head—Both Troubles are Cured.

NO PRAISE TOO HIGH FOR THE CUTICURA REMEDIES

"When my little Vivian was about six months old, her papa had a boil on his forehead. At that time I was covered with prickly heat and I suppose in scratching it, her own head became infected for it broke out in boils, one after another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her of them entirely. Then, sometime later, her little foot got sore between the toes. Being afraid it was salt rheum, I spoke to our doctor. He gave me a powder which dried it up, but soon after it broke out behind her ears. They cracked half way behind. The humor spread up on to her head until, on several occasions, it was nearly half covered. The humor looked like a scald, very red with a sticky, clear fluid coming from it. This occurred every year. I think it was toward the spring. I always bathed it with warm water and Cuticura Soap and applied Cuticura Ointment which never failed to heal it up. The last time it broke out was when she was six years old. It became so bad that I was discouraged. Then I procured a bottle of Cuticura Resolvent which soon cleared it out of her blood. I continued the use of Cuticura Soap and Ointment with the Resolvent until she was perfectly well. She is now about eight years old and has never been troubled in the last two years. We also find Cuticura Resolvent a good spring medicine and we are just giving the children Cuticura Resolvent Pills as a tonic. We do not think any one can praise Cuticura Remedies too highly. Mrs. M. A. Schwan, 674 Spring Wells Ave., Detroit, Mich., Feb. 24, 1908."

MI-O-NA

Relieves Stomach Misery Almost Immediately.

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

Mi-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, Mi-o-na will relieve instantly.

But Mi-o-na unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices are produced.

A large box of Mi-o-na tablets costs but 50 cents at the W. E. Bard Drug Co., and are guaranteed to cure or money back. When others fail, Mi-o-na cures. It is a producer of flesh when the body is thin; it cleanses the stomach and bowels; purifies the blood and makes rich red blood.

MEMENTOES FROM THE WEST

Dynamite Caps May Prove to Have Blinded Pastor.

Cleveland, Ohio, Feb. 2.—Dynamite caps which were brought from the west as souvenirs of a trip twenty-three years ago seriously injured Rev. Clayton L. Peck, pastor of the Asbury M. E. church, Sunday morning, and he may be blind for the rest of his life.

The dynamite lay in a bureau drawer of the Peck home and recently was thrown out with other rubbish and found their way into the Turnace.

Just before church time Sunday Pastor Peck went down to attend the fire. He had thrown on but a few shovelfuls of coal when a terrific explosion occurred.

The furnace was wrecked, the cellar damaged and Mr. Peck knocked unconscious. His family found him with a badly torn face and both eyes seriously burned.

At St. Luke hospital the physicians gave little hope for the restoration of his sight.

ACOUPLER DIED TOGETHER

HAD OFTEN EXPRESSED WISH THAT THE END WOULD THUS COME.

MARRIED 45 YEARS; HAD 16 CHILDREN

Mrs. Caroline Stoll Falls Dead on the Street in St. Louis and Husband Follows Kneeling Over Her.

St. Louis, Mo., Feb. 2.—Sebastian Stoll and his wife, who had often wished that when the time came they might die together, dropped dead upon the street Sunday night. They were walking together, she clinging to his arm and talking.

Suddenly the wife put her hand to her heart and said she felt as if she were smothering. She sank to the sidewalk. The husband ran into a house for help and returned at once to the side of his wife. She was lying upon the sidewalk.

The husband, who had cared for her through the forty-five years of their married life, got down upon his knees on the icy sidewalk, bent over and kissed her lips and never rose again. He fell across her body, dead. They had died within five minutes of each other.

The couple had grown up together in Germany, were lovers all their lives and died together, and thus their wish was fulfilled.

The Stolls lived at 3543 Salena street, where he had a little tailor shop. He was 67 years old. She was a year younger. They had been married forty-five years and had sixteen children, all of whom except one are dead. The living one is Leonard Stoll, of 3525 South Broadway.

Frank Denz, who had a tailor shop in the same house with Sebastian, was their life long friend. He was their neighbor in Munich and knew them before they were married. He was at their wedding and he came to this country twenty-five years ago and within a year sent for them. He said Monday.

"It was only Saturday that Mrs. Stoll, a woman with a beautiful sweet nature, said to her husband in my presence, 'Sebastian, I hope that if you die first I shall not be long behind you. We have lived so happily together I do not wish to live without you.'"

"And Sebastian said the same thing. They both had heart trouble and lately they talked a good deal about death and often I have heard them both say that they wished they might die together as they had lived together. They were very much devoted to each other. I never saw so loving a couple."

Sunday afternoon the old couple went to the home of Mrs. Marx, on McDonald avenue, to play poodle. They were returning at 10 o'clock and it was in front of 3619 McDonald avenue that Mrs. Stoll dropped to the sidewalk. Mr. Stoll ran into the home of Mrs. Caroline Ottensmeyer at that number and called for help. Conrad Binger ran out with him. Mr. Binger says:

"I went with him to where his wife lay on the walk. The old gentleman cried out as if he was in pain when he saw her. He ran to her and fell to his knees and bent down and kissed her and called her name, 'Caroline, Caroline.' Then he kissed her again and he just straightened, sort of sank down over her and lay still. When I went to raise him up I saw that he was unconscious, and I saw that the woman was dead."

"Then it was my turn to become excited and I called for help, too. The neighbors came running out, and among them was a physician, who said that both were dead."

The physician said they died of heart disease. Mr. Denz said Monday that Mr. and Mrs. Stoll had seen much trouble, but it had not soured their lives. "Their sorrows seemed to sweeten their lives instead of making them morose. The death of fifteen children had been a deep sorrow to them and Mrs. Stoll often talked of the time when she would meet them again in the other world, and she always said, 'Sebastian, I want that we should go together to meet them,'" said Denz.

THE VACCINATION CASE

Judge Bradley Continued the Hearing Until Tomorrow.

Judge N. M. Bradley, who was called to sit in the mandamus proceedings of J. E. O'Bannon against the Sedalia school board, to compel the latter to permit his children to attend school without being vaccinated, this afternoon continued the hearing of the case until tomorrow morning.

The plaintiff filed a demurrer to defendants' return to alternative writ, the same being heard and overruled. The plaintiffs practically withdrew their contention for internal vaccination, in a statement made by Lawyer Geo. W. Barnett.

LOCAL OPTION THERE STANDS

Columbia Won Its Case in the Kansas City Court of Appeals.

Kansas City, Mo., Feb. 2.—The Kansas City court of appeals said in a decision yesterday that the local option election in Columbia, the home of the Missouri state university, was legal and should stand. February 5, 1908, Columbia voted against the sale of liquor in the college town.

Carl Kehr contested the election and appealed from the decision of the district court.

LAWYER WRITES A BOOK

JOHN M. GARDNER, WHO IS GLOBE TROTTER AS WELL AS AN ATTORNEY.

TOURED THE WORLD WITH HIS EYES OPEN

The Work is the Most Noted Contribution Yet Made to the Latest New York Society Fad—Original Pen Sketches.

New York, Feb. 2.—That Jesus was crucified a mile away from Calvary of the Holy Sepulchre, and that He did not wear the cross, as shown by Scriptural accounts cited, are among the discoveries alleged to have been made by John M. Gardner, prominent attorney and globe-trotter, who has toured the world with his eyes open and has just published a book setting forth his experiences and the opinions derived therefrom.

Mr. Gardner has also visited the fields of the military prowess of Napoleon, whom he extols as a patriot, and makes the remarkable statement that but two headstones, one small marker and one monument have been erected to point out the more than a hundred victories of the man who once held Europe in the hollow of his hand.

Mr. Gardner's work is the most notable contribution yet made to the latest New York society fad, the publication of souvenir books as gifts, and are not for sale to the general public. It is illustrated with many original pen drawings and sketches of scenes in Europe and the Orient, and the book is elaborately bound.

WHEN A DOG BITES YOU

Court Holds It Matters Not Whether It's in Fun or Otherwise.

Kansas City, Mo., Feb. 2.—Mrs. Ida M. Merritt, of St. Joseph, Mo. is to receive \$1,500 damages from W. R. Machett, a grocer there, because a brindle bull dog, which followed his delivery wagon, made her ill from fright.

Judge Johnson, of the Kansas City court of appeals, held yesterday that it matters little whether a dog is in fun or otherwise when he bites or frightens a person. The dog, the evidence showed, had a reputation of being a canine bully, and Mr. Machett made a mistake in harboring it. He ordered the St. Joseph court to enter the \$1,500 judgment.

GOT SACHEL AND \$1,000

Placed It Behind a Counter While Eating His Lunch.

Chicago, Feb. 2.—A daring daylight robbery was perpetrated in the downtown district yesterday when a satchel containing nearly \$1,000 was stolen from behind the cashier's desk in a restaurant at 77 Randolph street. R. S. Swain, auditor and collector of the restaurant, which is one of several conducted under the same management, had made the rounds of the other places and had stopped to eat lunch.

A man diverted his attention, and a second man thereupon seized the satchel and fled.

With Two Tugs as Rudders.

ONE LETTER CHANGED IT

Court of Appeals Reversed Case Because a Word Was Misspelled.

Kansas City, Mo., Feb. 2.—Because of an "e" in the indictment where there should have been a "t," the Kansas City court of appeals reversed yesterday a conviction for selling liquor in Barton county, Mo.

Joseph Clinkenbeard was convicted on a charge of selling liquor in less quantities than four gallons without a dramshop license. The indictment charged him with selling one "pine" of liquor. The Kansas City court of appeals said the error in spelling in the indictment was a reversible error. The appellate court cited decisions of other and higher courts in criminal cases which said that an indictment should be taken just as it was written and that it could not be construed for what it evidently meant.

The St. Louis came up the harbor under its own steam, towing two tugs which acted as rudders.

RUMBLINGS OF THE RAIL

EASTERN LINES TO WITHDRAW
REDUCED RATES TO CHILDREN TO SCHOOL.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Owing to a decision of the interstate commerce commission, commutation rates between states on which thousands of school children have for years traveled to and from the public schools have been withdrawn by all eastern railroads.

Tariffs have been filed by the Baltimore & Ohio and other Chicago roads, withdrawing, for example, on February 25, the forty-six trip monthly commutation school tickets on which the children from Hammond, Gary and Whiting, Ind., have been going to and from the Chicago schools.

The notice covers all reduced rates for school children which are interstate in character, but preserves all such rates which are intrastate.

The notice of the Pennsylvania and other western roads is similar to that given by the Baltimore & Ohio. In connection with the discontinuance of the rates the Pennsylvania has become involved in a discussion with Chairman Knapp of the commission.

In the announcements of taking off the rates the Pennsylvania officials stated that it was due to the commission's ruling declaring them to be "discriminative and unlawful."

"We are regretfully constrained to advise our patrons," declares the Pennsylvania, "that after February 20 the sale of these tickets which have been sold by this company for the benefit of school children for thirty or forty years will be discontinued."

GMEICH MAKES SPEECH

New Lieutenant Governor Amused Senate by His Humor.

Jefferson City, Feb. 2.—"Gentlemen, this is so sudden," is what Jacob F. Gmeich said in the senate chamber this morning when introduced by John C. McKinley, as the lieutenant governor-elect.

Promptly at 11 o'clock Judge Gant, of the supreme court, administered the oath of office, and the lieutenant governor, who was finally declared elected after four weeks' delay, proceeded to deliver one of his characteristic humorous and informal talks.

Several times the audience was moved to laughter at Governor Gmeich's sallies concerning the election and the ultimate decision of the committee.

A brief address was then made by John C. McKinley, the retiring lieutenant governor, and the senate passed unanimously a resolution thanking him for the fair courtesy and impartial manner in which he has conducted the affairs of his office. The senate then adjourned.

Charleston, W. Va., Feb. 2.—The house of delegates yesterday adopted a resolution which proposes the submission to the voters of an amendment for statewide prohibition.

SALOON THOUGHT NO. 66.

"If I could cause the earth to open up and swallow up every saloon on earth I would feel that I was doing humanity a blessing. We must protect against this thing. It has no redeeming feature. It is bad for the home, for humanity, for the church and for the country. The thing we must do is to set our faces against it with positive determination to conquer it."—Archbishop John J. Keane.

"Gentlemen, you need not give yourselves any trouble about the revenue. The question of revenue must not stand in the way of needed reform. But give me a sober city not wasting its earnings in the saloon and I shall know where to obtain the revenue."—Gladstone's Reply to London Brewers.

"To sell rum for a livelihood is bad enough, but for a whole city to share the responsibility and guilt of such a traffic seems a worse bargain than Eve or Judas."—Horace Greeley.

BAD FIRE IN KANSAS CITY

The Total Loss Was \$150,000 and the Insurance \$131,000.

Kansas City, Mo., Feb. 2.—Property valued at \$150,000 was destroyed by a fire which started in the basement of the old three-story brick building at the southwest corner of Tenth and Main streets at 9 o'clock last night.

The entire stock of Rothschild & Sons, clothing, valued at \$120,000, was practically ruined; the building, owned jointly by J. S. Loose and the Soden estate, and valued at \$300,000, was gutted, and its walls will have to be torn down; the Mitchell studio, on the third floor in the north wing of the building, was destroyed, and the outfit of Dr. Ho Ly Yuen, a Chinese physician, went with the flames.

A. A. Pearson's military stock at 1010 Main street, also was slightly damaged by water.

The total insurance is \$131,000.

It is expected that at least 1,000 persons will attend.

MAN FAILED TO SHOW UP

BROUGHTON BRANDENBURG IS NOW BEING SOUGHT BY THE POLICE.

THE CLEVELAND LETTER CASE IN COURT

After Waiting a Reasonable Time for the Writer, the Court Issued a Bench Warrant for Him—Hasn't Been Found.

New York, Feb. 2.—Broughton Brandenburg, the writer, recently indicted for grand larceny in the second degree on charges growing out of the sale to a newspaper of an article purporting to have been written and signed by the late Grover Cleveland, failed to appear yesterday when his case was called for trial in the criminal branch of the supreme court before Justice Dowling.

"After waiting a reasonable time and having Brandenburg's name called in the corridors of the criminal court building, Justice Dowling declared Brandenburg's bail of \$1,500 forfeited. A bench warrant for the writer's arrest was issued.

Samuel Bell Thomas, Brandenburg's lawyer, was in court ready to begin the case. He said that he talked with his client over the telephone Sunday night and had every reason to expect him to be in court.

Mr. Thomas was sure that Brandenburg would appear soon with some good excuse, but nothing has been heard of him yet. Brandenburg has been living in a boarding house in West Ninth street. It was said there that Brandenburg left the place early in the morning.

Most of the witnesses summoned by both sides in the trial were in the criminal court building when the case was called. Mrs. Cleveland was not in the building, but it was said she was in town and could be found when wanted. Mrs. Cleveland has not been subpoenaed.

Among those in court were Richard V. Callahan, who had charge of the publicity department of the republican national campaign committee in the last campaign, and two women stenographers to whom Brandenburg is said to have dictated the Cleveland letters.

Among those who were to have testified at the trial were Richard Watson Gilder, editor of the Century; John Finley, president of the City college, and a close friend of the late ex-president; Frank S. Hastings, ex-editor of the Cleveland estate, and David N. Carvalho, the handwriting expert.

GMELICH WAS ELECTED

JOINT COMMITTEE WAS UNANIMOUS IN ITS DECISION LAST AFTERNOON.

SUCCESSFUL MAN HAS PLURALITY OF 177

Vote Corrected by Recount Gives Mr. Gmelich 316,642 and Mr. Painter 345,465—Inducted Into Office This Morning.

Jefferson City, Mo., Feb. 2.—What may properly be called the most spirited contest for a minor state office ever waged in Missouri was peacefully ended last afternoon when former State Treasurer Jacob F. Gmelich, affectionately known as "Uncle Jake," was declared to have been elected lieutenant governor over his democratic opponent, William R. Painter.

Speaker Speer, of the house of representatives, in accordance with the constitution and the statutes, made the announcement which terminated the struggle that has completely tied up the legislature, as far as law-making is concerned, since the first day of the session, nearly a month ago.

Cheers by the republican members and applause by the spectators, the fair sex predominating among the latter, followed the declaration, and Col. Fred Buehler, true to tradition, added to the tumult by firing a salute from his trusty cannon on the capitol grounds.

Lieutenant Governor Gmelich was formally inducted into office at 11 o'clock this morning, when the inaugural ceremonies took place in the senate chamber. He at once assumed the presidency of the senate, relieving his predecessor, John C. McKinley, whose term expired January 10 but who has held over pending the settlement of the controversy that has so long taxed the patience of the legislature.

The election of Mr. Gmelich was determined by a joint committee of the house and senate, consisting of two democrats and five republicans, which conducted a recount of all the precincts of the city of St. Louis and certain precincts in the country districts.

The committee report, submitted to the general assembly in joint session last afternoon, unanimously agreed that the republican nominee

CEMETERY BOARD MEMBERS ARE NAMED

May Pave Third Street From Lamine to Hancock Avenue—Other Improvements That Are Now Contemplated.

The bi-monthly session of the "city fathers" was held at the council chamber Monday night, Mayor Babcock rapping for order promptly at 8:05 o'clock.

Alderman Andler was the only missing man, he being at Kansas City under a physicians care.

Clerk Baker read the minutes of the December meetings, which were ordered filed.

Fifteen refunding bonds of \$1,000 each, recently ordered canceled, were openly burned by Chief of Police

Boulton and Aldermen Johns and Hatt.

Following the burning, Mr. Johns moved that a warrant for \$15,000 be drawn in payment of the bonds. The motion carried.

The water committee's report was read and filed. It was not unusual.

The reports of officers for December were made as usual, being received and filed, on motion of Mr. Baker. W. A. Fast and Mrs. E. A. Wood were confirmed as members of the board in charge of the city's burying grounds by a full vote of the council.

A bill for less than \$30 for making repairs on South Kentucky avenue was presented by Contractor Johnson, through C. C. Kelly. The latter explained the situation, and on motion of Mr. Baker it was referred to the street and alley committee.

A resolution for curbing both sides of Third street, from Lamine to Hancock avenue, was adopted.

Capt. S. C. Gold, through Mr. Ilgenfritz, asked that the city extend the curbing in front of his place of business two feet north, making the sidewalk width ten feet, similar to the width of the sidewalk on the opposite side of the street.

Plans and specifications for curbing

East Third street were submitted by City Engineer Leaming. They were accepted.

Plans and specifications for paving the same thoroughfare in the specified territory were submitted by Engineer Leaming, being filed on motion of Mr. Baker.

A resolution to pave Third street, from Lamine to Hancock avenue, was adopted.

Specifications for paving Monticau avenue and an estimate of 46 cents per lineal foot were presented by Engineer Leaming.

A resolution calling for the foregoing work was adopted.

Mr. Hutton asked that City Attorney Blain petition Circuit Judge Louis Hoffman to appoint a commission to assess damages accruing from the construction of the Southeast Sedalia sewer district. The request was granted.

Resolutions for curbing and paving Park avenue were asked for by Mr. Ilgenfritz and the city attorney received orders to prepare same.

All properly audited bills were allowed and warrants drawn in payment of same.

Council adjourned at 10 p. m.

NEW PASTOR IS HEARD

The Rev. C. M. Truex, Former Sedalian, at St. Joseph.

The Rev. C. M. Truex, recently of Sedalia, preached his first sermon as pastor of the Patee Park Baptist church yesterday morning, and at the conclusion of the service the members of the congregation pressed forward to congratulate him and to reassure him of his welcome to St. Joseph, says Monday's St. Joseph News-Press.

Mr. Truex arrived here Saturday night. His wife will join him the middle of the week. A reception in their honor will be given Thursday night, February 11, in the church parlors, and many pastors of the city will be invited.

WAS OVERCOME WITH JOY

And McHugh Dropped Dead When He Met His Wife.

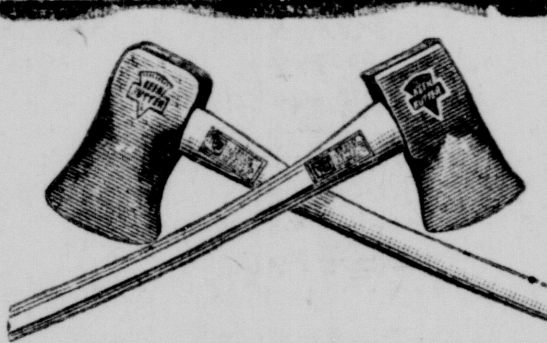

Boston, Mass., Feb. 2.—The joy of seeing his wife, from whom he had been separated for a year, proved too much for John J. McHugh, of Cincinnati, who came here to meet her yesterday.

Mrs. McHugh met him at the station. He started toward her, and just as he reached her side dropped dead. McHugh's wife has been living here with her father. She was to return to Cincinnati with her husband.

Millions of Earthquake Post Cards.

New York, Feb. 2.—Orders continue to pour in for the official memorial post cards issued by the American-Italian general relief committee, and it is thought that millions of the cards will be disposed of in the next few months, resulting in an immense addition to the fund for the relief of the Italian earthquake victims.

Alfred G. Vanderbilt, August Belmont and other famous New Yorkers are vice chairmen of the relief committee.

Meat Smoked In a Minute

The modern method of smoking meat by use of our liquid smoke accomplishes everything that the old method can and has advantages that the old method has not.

It **SAVES TIME, SAVES LOSS, SAVES MONEY.** The meat is preserved better; it is protected against mold and insects; it is not shrunken in weight.

Call at the store for a free sample bottle, also a copy of the little book telling how to have the finest meats possible.

Origin of the Name of Ireland. The name of Ireland, according to Prof. Joyce, who is authority on the antiquities of the country, is derived from the native Celtic name Eire, just as the name of Scotland is derived from the name of Scoti, the terminal being added in both cases by the English and originally spelled Eireland and Scotland. Hibernia was the Roman name, sometimes spelled Hibernian, as Scotia was the Roman name for Scotland.

A GRADUATE OF HARVARD

CURTIS GUILD, JR., RECENTLY RETIRED FROM OFFICE OF GOVERNOR.

A CHIEF EXECUTIVE OF MASSACHUSETTS

His Administration Will Go Down in History as One of Most Progressive of the Last Half Century.

GMELICH WAS ELECTED

(Continued from Page 1).

Boston, Mass., Feb. 2.—Forty-nine years ago this day, in Boston, Curtis Guild, Jr., who recently completed his term as governor of Massachusetts, first saw the light of day. From the day that he graduated at Harvard, in 1881, as class orator, his career has been brilliant with achievement.

Prior to the last republican national convention Mr. Guild was prominently mentioned as a vice presidential possibility, and there are many who believe that he will yet attain to much greater honors.

The son of Curtis Guild, the founder and publisher of the Boston Commercial Bulletin, young Guild naturally looked to journalism as a profession and after graduating from Harvard and making a tour of Europe, he entered the office of his father's news paper, serving from cub reporter and bill collector to editor. Since 1902 he has been the sole proprietor of the paper.

He first became nationally prominent in 1896, when he was delegate at large from Massachusetts and vice president of the republican national convention. He was brigadier general of the state militia when the Spanish war broke out, and served under General Fitzhugh Lee, winning high praise. Later, he was offered the post of first assistant postmaster general and other important places by the president, but declined. He was elected lieutenant governor of Massachusetts in 1902 and governor of that commonwealth in 1906.

The Guild administration will probably go down in history as marking the greatest advances ever made in placing humanitarian and sociological laws upon the statute books of Massachusetts.

Among these are laws providing for medical inspection in the public schools and in factories, prohibition of the sale of poisonous patent medicines, more complete care of feeble-minded children, opening factories and shops to transient officers for the detection of children illegally at work, prohibition of night work for women and children, enforcement of ventilation in foundries, requiring medical and surgical supplies to be kept in factories, and a free employment bureau.

Next in importance have been enactments for the regulation of corporations, and a more exact defining of the state's relation to the individual citizen's wealth and invested capital.

Some of the new laws in this line which may be cited are those to prevent campaign contributions from corporations, to put telegraphs and telephones under state control, to prohibit special charters for street railroads, to establish a sliding scale for Boston gas, to inspect trust companies and savings banks more rigidly, to abolish bucket shops, to regulate money lenders and to establish a direct inheritance law and savings bank insurance.

PRAIRIE ITEMS.

Prairie, Mo., Feb. 1. A cyclone of considerable velocity visited this locality last Thursday evening, blowing down buildings, trees and wrecking whatever came in its course. Mr. H. H. Taylor had about half of his barn roof torn away; a machine shed overturned and wrecked a number of good vehicles; his dwelling house had the windows blown out; a flue was blown off and a part of the roof was misplaced. Mrs. G. A. Davidson is very ill at her home. Dr. Dyer is attending her. Very few from these parts were in

doubt whether such numbering is legal. So also in Courthouse precinct, Cape Girardeau township, Cape Girardeau county, the letter "P" was used as the initials of John Powers, one of the judges, and if these ballots were rejected it would give Mr. Painter a gain of forty (40).

Courts Differ on Issue.

Referring to the matter of properly initialing and numbering ballots, the committee would state that the courts of the various states are not in harmony, nor are the decisions of our own supreme court uniform on the question of what is actually necessary to properly initial a ballot. The matter was further complicated by the fact that one of the first ballots of this character that was discovered by the committee bore the regular initials of one judge and the letters "Mc" standing for the name of Bernard J. McGovern, a judge in that precinct. This ballot was brought to the attention of Judge Seldon P. Spencer, counsel for Mr. Gmelich, and his opinion sought as to its legality and he pronounced it to be an illegal ballot, but the republican members of this committee did not agree to this opinion.

These facts, coupled with the further fact that the decisions of the courts as above stated are not uniform on the question, and that our committee had up to that time adopted a strict construction of the ballots cast, caused the committee to divide on the point as to whether or not these ballots so initiated should be counted. The democratic members of the committee mindful of the important bearing the decision on these ballots would have on the result, deemed it wise to tabulate the returns from such disputed precincts and bring them, together with all the facts to the attention of a conference of the democratic members of the legislature.

Preferred Honesty to Office.

Having done so, and being advised by William R. Painter, the democratic candidate, that he does not want the office if there is any doubt as to

Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Lamborn, of Warrensburg, Mo., of stomach trouble of long standing, also William Voll, of 903 Ellis street, St. Louis, Mo., who had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will know as two million people did last year—go to your druggist and buy a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you do not understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 509 Caldwell bldg., Monticello, Ill.

his having received the highest number of votes; and since the failure to initial the ballots properly, as above stated, affects in many precincts a large percentage of the votes in such precincts, and seems to have been agreed upon by the judges in such precincts, and no fraud being shown therein, those members of the committee who raised the question yielded the point for the reason that neither they nor their candidate, Hon. William R. Painter, desired to base the title to a great office on a technicality which does not affect the honesty or integrity of the vote cast.

Therefore, having complied with the instructions of this body, and having canvassed and cast up the returns in the presence of the speaker of the house of representatives of the Forty-fifth general assembly of the state of Missouri, we find that Jacob F. Gmelich received 346,642 votes.

William R. Painter received 335,465 votes.

Sargent received 15,000 votes.

Payne received 4,076 votes.

Giving Gmelich a plurality of 177.

THIRTEEN SALOONS CLOSE

Dramshops Around Refinery Reduced
More Than One-Half.

St. Louis, Mo., Feb. 2.—When the Standard Oil company established its refinery at Wood River, near Alton, about two weeks ago, dram shops sprang up like mushrooms.

There were finally twenty-three saloons in the immediate vicinity of the refinery. The trade was not sufficient to support all. The internal revenue department reports show that thirteen of the saloons have gone out of business by failing to renew their federal licenses.

Madison, Wis., Feb. 2.—Twenty-
seven persons, who had been stalled
on the St. Paul train which left Mil-
waukee Friday night, arrived in Mad-
ison yesterday. Among the passen-
gers was Mrs. James O. Davidson,
wife of the governor.

"Well, we didn't suffer," said Mrs.
Davidson. "We left Milwaukee at 6
o'clock Friday and had to sleep in the
train that night near Marshall. From
Marshall we started on the trip again
and made only two miles and were
stalled again and had to spend a sec-
ond night in the train.

Miss Hendricks, of Milwaukee, who
was the only other woman on the
train, said several of the train crew
worked more than sixty hours without
anything to eat.

Half a dozen engines were used in
making the trip.

BIG SPORTING LIBRARY

LARGE COLLECTION OF BOOKS
ON SPORTS PUT ON SALE
AT AUCTION.

REPRESENTS THE WORK OF A LIFETIME

The Second Part Will Be Placed on
Sale February 15 and the Third
Part on March 2—Some of
the Works Are Rare.

New York, Feb. 2.—What is per-
haps the largest and most complete
collection in existence of books deal-
ing with angling and sporting topics
was placed on sale at auction today.
This remarkable library represents the
work of a lifetime on the part of
the late John Gerard Heckscher.

Only the first part of the angling
collection was placed on sale today.
It consists of 1,177 separate items.
The second part will be placed on
sale February 15, and the third part
on March 2. With the possible excep-
tion of the Dean Sage library, the
Heckscher library is the greatest of
its kind in the world.

Mr. Heckscher was a devout dis-
ciple of Izaak Walton and the collec-
tion includes 127 editions of the
"Compleat Angler," including the
earliest and rarest, the beautiful ones
issued by Pickering and Major, and
the sumptuous "Anglers" of modern
days. He had 71 of the interesting
works which are classed as "Walton
iana," among them being all the im-
portant books written by or contrib-
uted to by Walton. An attractive
item is an autograph document, signed
with his full signature, a remarkable
feature and one of excessive rarity.

The two earliest English and Amer-
ican works on the subject of fish are
in this library. The latter, to be sold
in part two, is that great rarity, Ra-
falesque's "Ichthyologia Ohioensis, or
the Fishes of the River Ohio and the
Tributary Streams," Lexington, Ky.,
1820, of which less than ten copies are
known to be extant. No copy of the
first English book on angling has
ever been sold in this country. This
is the "Treatyse of Fysshynge wyth
an Angle," 1496, printed by Wynken de
Worde in his second edition of the
work once attributed to "Juliana
Barnes." The copy of "Hawkyng
Hunting and Fysshynge wyth an
Angle," 1496, which recently realized
\$600, the record price, at Lord Am-
herst's first sale, is the only perfect
example of the complete work ever
offered in the auction room. The
angling treatise occupies twelve small
folio leaves, and contains several
woodcuts, including the famous de-
sign of the angler on a river bank
about to land a fish. The Heckscher
copy, bound by Riviere in red mo-
rocco extra, has one leaf in facsimile;
it formerly belonged to Edwin P.
Snow, of Boston, and at his sale,
Sotheby's, November, 1897, brought
\$48.

Phineas Fletcher's "Sidelides, a Pis-
catory," 1631, which introduces Per-
indus, a fisher, who defends angling,
is one of the many rarities in the
first part. The Fountaine copy of
this unacted play brought \$36 10s in
1902. Fletcher's "Purple Island,"
1633, which contains 102 pages of
"Piscatorie Ecloges," has inserted a
manuscript account of the author in
the autograph of Rev. Moses Browne,
one of Walton's eighteenth century
editors. Browne calls Fletcher a "re-
markable lover of angling." Mr.
Heckscher owned two angling treat-
ises which appeared in 1653. One of
these is the little known work by
Thomas Barker, "The Art of Angling
wherein are discovered many rare se-
crets, very necessary to be known by
all that delight in that Recreation."

ROADS OWN COAL MINES

AND DISCRIMINATE IN RATES
AGAINST OPERATORS OF
PENNSYLVANIA

THIS IS ONE OF THE CHARGES PREFERRED

For Months Pittsburgh Operators
Have Been Gathering Data
Regarding the Ownership
of Mines.

Pittsburg, Pa., Feb. 2.—Representatives of eight railways operating in the coal mining districts in Pennsylvania, Ohio and West Virginia, will meet at the Hotel Schenley tomorrow for a conference, supposedly to plan a defense against the charges of the Pennsylvania coal operators that the roads own mines in West Virginia and Ohio and discriminate in rates against the Pennsylvania operators.

Some time since a meeting was called by the railroads to discuss advancing of lake rates. This was to have been held on Jan. 12, but in the meantime the operators became active. Not only must rates not be raised, but there must be some sort of concessions made to the Western Pennsylvania operators by the roads, even on the existing rate basis, they claim. The Pennsylvania railroad alone at that time was not in favor of advance in rates. The railroads called this meeting off when they heard how angry the operators were, and the meeting now arranged is one of defense.

The proposal of the operators is that there be an adjustment of rates, particularly between the Pennsylvania and the West Virginia fields. As it is now, the Pennsylvania and the West Virginia rates are the same, though the haul from West Virginia to the lakes is about twice that from the Pittsburgh district to the lakes. Yet the rate remains the same—\$3 cents a ton on board the cars or 97 cents a ton if loaded on the lake boats.

From Ohio points the rate is \$3 cents loaded at the lakes. In addition to the haul being twice as long, it has been shown to the railroads that they are required to haul the cars back to West Virginia empty, since there are few or no factories there to use ore from the lakes, while a train of coal going from the Pittsburgh district comes back with ore or other material for the Pittsburgh manufacturing district. This they assert is discrimination.

For months now Pittsburgh operators have been gathering data regarding the ownership of several large mines in West Virginia and Ohio, and they claim that they can prove that these mines really are owned by certain railroads.

They declare they will prove it unless the roads cease discriminating against them.

REPORT MANY CASES

NUMBER OF CASES OF RHEUMATISM REPORTED EVERYWHERE APPEARS LIKE AN EPIDEMIC.

IT IS THE BEST REMEDY TO TAKE

Simple Home Treatment Which Gives Prompt Relief and Doesn't Cost Much—Mix it Yourself and Take It.

Thousands of men and women who have felt the sting and torture of this dread disease, which is no respecter of age, persons, sex, color or rank, will be interested to know that while for many years rheumatism was considered an incurable disease, now it is one of the easiest afflictions of the human body to conquer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the system which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys, however, are of sponge-like substance, the holes or pores of which will sometimes, either from overwork, cold or exposure become clogged and inactive, and failing in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles, cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, weakness, etc.

The following simple prescription is said to relieve the worst cases of rheumatism because of its direct action upon the blood and kidneys, relieving, too, the most severe forms of bladder and urinary troubles: Fluid Extract Dandelion, one-half ounce; Compound Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime. The ingredients can be had from any good prescription pharmacy and are absolutely harmless and safe to use at any time.

To Open Private Art Gallery.

Baltimore, Feb. 2.—Henry Walter's new private art gallery, containing what has often been called the best collection of modern art works in the world, will be formally opened to the public tomorrow. Hereafter the famous collection will be accessible to the general public and will make Baltimore a Mecca for the art lovers of the nation.

ECZEMA LODGES IN THE SKIN

Not a Blood Disease—Cured By Oil of Wintergreen Compound.

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist, Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in both Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take the itch away at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in Dr. D. D. Dennis. Prescription. W. E. Bard Drug Co.
